

SELLING 69 HEAD OF AUGUST - NOVEMBER BORN FEMALES

# XXX Spring Edition SALE

SATURDAY, MARCH 28, 2020

1:00 P.M. AT THE RANCH MADILL, OK

Welcome to our 24th Spring Edition Sale,

The past 24 years has flown by very quickly! We have been very fortunate to have 24 sales and to honestly feel they have gotten better each year. Anyone that has ever had a live auction sale knows that it takes an enormous number of people to make them happen, and we appreciate each one of them.

This sale features our very best fall born heifer calves combined with many top selections from our customers' calves. We have no doubt this is one of the very best offerings the Spring Edition Sale has ever presented.

Over the years, our fall born heifers have been the females that have dominated. In the past four years we have had 13 Champion or Reserve National Champion females and the majority of those were purchased in our Spring Edition Sale. If you want to be a player at Junior Nationals time you should consider buying a fall born!

This is the sale of opportunities. Study the catalog, watch the videos, and come view them for yourself. The cattle are high quality and they sell in all price ranges. Last year 65% of the heifers in this sale sold for less than \$5000. There will definitely be several great buys and they will compete at every level.

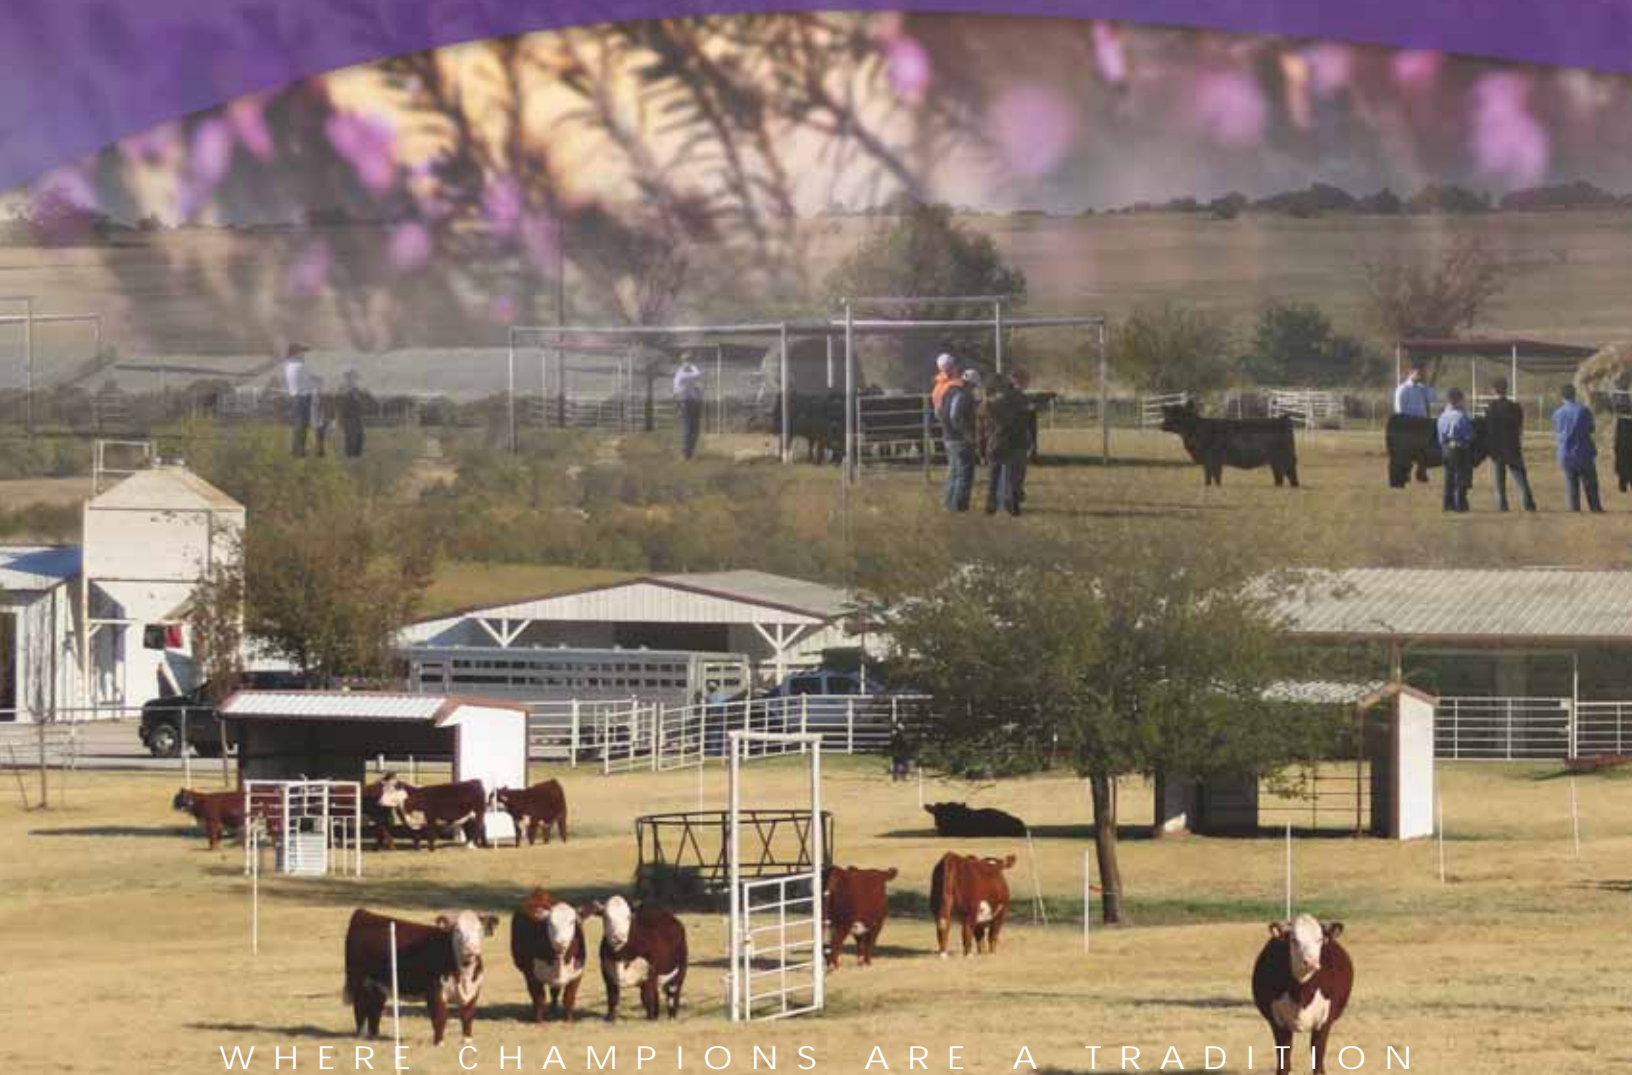

This sale is a tough one for us to prepare for, in a matter of three weeks they are weaned, clipped, and pictured for the catalog (not to mention, it rained two of those weeks). This particular group is younger than some of the past offerings, so it has really been tough for those babies. They have adapted well, and I feel sure you will be impressed when you see them in person.

Our crew here is amazing! These guys don't get any down time this time of year and they make it work. They aren't only preparing these sale cattle, they are feeding cows, calving cows, along with clipping and fitting cattle for shows. Special thanks to Matt Scasta, Davey Young, Caleb Nixon, Seth Buckley, and Emmett Byrd these guys hit it every day and we appreciate all they do.

Study this catalog, stop by and take a look, and feel free to contact us with questions. The good ones are here, and we want you on our team!

We hope you will join us on March 28th prior to the sale for a great meal provided by Martindale Feed, and the sale will begin at 1:00. If you can't make it sale day, you can register early and bid online at CCI.live.

Thank you,  
Jirl

## GENERAL SALE INFORMATION

Cash or check accepted. Updated PHA & TH results and current EPD's on the Hereford females by sale day. This information and the sale order will be posted on our website at [www.buckcattle.com](http://www.buckcattle.com) prior to sale. All cattle sell under the standard terms and conditions of their respective breed association. **Exception, females are guaranteed to breed or produce transferable IVF embryos.** If female is evaluated by a licensed veterinarian and is considered obese, breeding guarantee is voided. **Buck Cattle Co reserves the right to two flushes on all females selling.** We will pay flush expense. Registration papers will be transferred following the sale if buyer has paid and provided transfer information.

## ABSENTEE BUYERS

Each sale we sell several cattle to buyers that cannot attend the sale. If you are unable to attend please contact us to discuss the cattle and we will have a representative handle your bidding confidentially.

BOE GARTH  
MISS BOE 502R  
DMCC LIMITED EDITION 4F  
PANNEL MISS 4072

- We are tremendously excited about this group of Maine-Anjou females. We believe this female is one of the most unique beasts we have ever offered! She is absolutely stunning to look at, flawless in her structure, and backed with a power packed pedigree.
- Her dam, BK Utoo 872, is not only a full sister to the great Unlimited Power, she is a proven producing female.
- She is sired by Epic who has absolutely amazed us in his first two years of production. He has produced multiple national champions, numerous top sellers, and we know he is just getting started.

- This MaineTainer female is built to last, she is extremely good structured, long necked, bold sprung, with bone and power.
- She is sired by the popular Data Bank which has really gained speed as a producer of champion females. Females built like this one will only add fuel to the fire!!
- She was bred by our great, long time friend Mike Bagley. Mike purchased her dam from Frankenreider in Illinois as a bred heifer, she is an impressive made female with amazing structure.

- Goodness, Gracious!! We believe this female is one of the most intriguing females we have ever offered! Fortunately, we have sold several national champions, and we think this one can run with the best of them. It is difficult to put one together like her. She is so massive in her bone, body, rib, and power, yet so nice and neat in her neck and chest. If you want to be a serious competitor, now is the time to get serious!!
- About Time needs no introduction, he has dominated the show ring for years, produced multiple premier herd sires, and has daughters in ET programs all across the nation. We just thought he would be a nice match with 5054 and WOW!! Yes it worked!!!
- BK Cool Deal 5054 has earned her position in our embryo transplant program. She's a young donor with enough talent to replace her dam and those are huge boots to fill. BK Cool Deal 5054 is also the dam of Carlee Clark's heifer which was Division Champion at Junior Nationals and Champion Horned Female at the Tulsa State Fair.

- Big time quality in this exciting female. She ties together everything you look for in a show heifer that you are planning on putting in the donor pen in the future. Her structure, look, body, and quality separate this one.
- The Valor offspring have been very dominant in our program, the females continue to win in the show ring, they are producing, and the bulls are extremely popular with our bull customers.
- Her dam is sired by Sensation 028 and out of a standout 88X daughter which is backed by the proven Holden Hereford genetics.
- EPDs ... CE: 5.6, BW: 0.3, WW: 52, YW: 74, Milk: 31, M&G: 57
