Welcome to our 26th annual Spring Edition Sale,

We have been fortunate to have had over two decades of successful Spring Edition Sales, and in all the years I am not sure we have seen any more changes than we have in the past 12 months. The livestock industry is experiencing changes as well, but in agriculture we adapt to the situation and move forward. I believe this is our strong suit and that is why we will survive. The cattle business is rallying back, and the purebred producers are seeing all time highs as the demand for quality and protein is on the rise.

This sale has a history of producing champions and premier donors. In the past six years, this sale has produced 14 National Champions or Reserves and that's not counting the winners on a state level. This offering includes the top cut from our fall calves, as well as many of our customers' programs. You will see there are several ET calves and sibs to past champions. The fall born females have gained respect across the country and continue to make their way to the backdrop.

We are big believers and supporters in the Junior National shows each summer, and if you haven't attended one, we highly recommend that experience. There are many fun activities, stiff competition, and friendships that will last a lifetime.

This sale is always a challenge to prepare for, but our crew always makes it happen. It takes everyone to put it together, weaning, breaking, clipping, picturing, and videos, not to mention preparing for shows and calving at the same time. Our operation would not work without Matt Scasta, Davey Young, Matt Loggains, and Seth Buckley, they hit it hard every day and we thank you guys. We also truly appreciate Jeremy Clark, Victoria Strate, Kynlee Dailey, and Blakelee Hayes for helping with pictures. It takes a team to make Buck Cattle Co. successful and we are very grateful for the families and friends that help throughout the year. We all work together and try to have a good time doing it!

Study this catalog, watch the videos, and come take a look, the good ones are here. We welcome you to contact us with any questions or assistance. Come join the Buck Cattle Co. team, enjoy your show career, and take your breeding program to the next level.

We certainly hope you can be with us sale day, but if not, the sale can be viewed live online at [cci.live](http://cci.live) at 1pm. Don't miss the meal served prior to the sale sponsored by Martindale Feeds.

Thank you,  
Jirl
