Welcome to our 19th Annual Spring Edition Sale!

It's hard to believe it's been 19 years since our first Spring Edition Sale. This sale has always been challenging for our crew and us to prepare for just because of how busy it is the first three months of the year. With the major shows, calving, county shows, and this year fighting the weather, it can be very trying at times, but like every other year these guys have buckled down and they get it done.

We are so blessed to make our living in the cattle business and do what we really enjoy. The past year we have seen the cattle market at all time highs and it has given cattlemen opportunities to advance their programs. I truly believe the elite cattle are the best buys in a strong market. Now is the time to gather up the good ones!

2014 was a banner year for Buck Cattle Company and for the Spring Edition Sale. The Maine Junior National Champion Maine-Anjou Female, Maine Jr. National Champion MaineTainer Female, Junior National Hereford Expo Champion Polled Female, and Oklahoma Youth Expo Supreme Champion Female were all purchased in the Spring Edition Sale. Furthermore, we kicked off 2015 with the Reserve Champion Maine Female at the National Western, which was also purchased in the Spring Edition Sale. We have been fortunate to have had many other champions purchased in our other sales, but this Spring Edition Sale has produced the highest percentage of those champions this year. This Sale has produced five Jr. National Champions in the past four years.

This offering is outstanding! They are deep in quality and backed by some of the most proven pedigrees in the business. The show prospects in this group are impressive but the number of donor prospects in this offering is larger than ever. I have to say I am truly impressed with the quality of the females our customers produced this time. They have gone the extra mile and it shows up in the quality. I have no doubt there are several females that can compete and win on a national level, so buy with confidence.

This operation would not function without great help and these guys give it 100%. We want to give special thanks to Matt Scasta, Seth Buckley, Ethan Moore, John Choate, and Dacota Holtcamp for their hard work and dedication. You guys make it happen!!

Study this catalog, come and view the cattle, and please feel free to contact us with any questions. We look forward to seeing everyone on sale day. However, if you are unable to attend you can watch the sale live on the Internet at www.liveauctions.tv or you can contact us prior to the sale and someone will assist you by phone when the lots you are interested in sell.

See you on March 28th! Please join us for lunch before the sale compliments of Martindale Feed Mill and EMCO Feed.

Thank you for your interest,

Jirl
